MAKING MOMENTS INTO MEMORIES WITH  
JULIANNA MICHELLE PHOTOGRAPHY

2024

# hello there

Thank you for considering JMP for your photography needs!

I am so excited you are here! I am Julianna, I am a mom of 4 beautiful kiddos, and wife to my amazing husband Tyler. We are Potter heads & I am 100% a Disney kid at heart. I am certainly an artsy gal. Crafting, building, painting, dancing... you name it! When I'm not behind the camera, you can find me on the beach, bowling lanes or the soccer field! My favorite thing about being a photographer is being a storyteller. Imagine in one fraction of a second I am able to capture a moment, a memory, a story... worth a thousand words.

A memory to last a lifetime.

*that's me!*

I love being able to capture memories, letting them unfold naturally. I don't have one specific style because I love being able to tell YOUR story, true to you, your lifestyle and the moment! I LOVE being able to capture your special milestones through the years, however big or small.

It's the memories within the moments.

# Questions

Where will we take photos & what if it rains?

There is a reason you chose your venue! & i will do my best to showcase all of it's best angles along with yours, rain or shine! & I've shot more than one rainy wedding day, so never fear! As long as everyone keeps a great attitude about it we can make it fun!

We've never had pictures and my fiance really hates the camera, will you help?

"We're awkward" is a phrase I hear frequently, but never fear I GOT YOU. I have a few tricks to keep the photos flowing & to capture those natural smiles! Getting out all the camera jitters in the engagement shoot really helps too!

When and how do we pay?

Partial payment is due at the time of booking then you can make payments until 1 week prior to your wedding date. Cash/check or online payments are accepted. (taxes + fees may apply) (automatic payments can be set as well!)

How do we get our photos?

I will send you the link and password, you can view your online gallery on any device and choose, download, print your favorite photos directly from your album! If you receive an engagement session, your wedding photos will be added to the same gallery!

We just had our photos taken, when should we expect them back?

Typically my turn around time is 30days, but throughout busy season it may take a little longer. Hand editing and looking through thousands of photos is tedious and i want to make sure you receive the BEST photos possible!

Why does wedding photography cost so much?

TIME. not only do we spend 9-10 hours shooting the actual wedding day, but for every hour spent shooting, there is 9hours of work behind the scenes. From gear prep, travel, planning and editing. Most photographers trust artificial intelligence to edit for them but you are investing in a PERSON, hand editing every individual photo among the thousands from your most memorable day!

I always try to keep the day fun and memorable! We will interact and laugh to capture those natural candid moments as well as capturing classic portraits! & I will do anything I can to help make your wedding day the, best. day. ever.

*i can't wait!*
