LAST REVISED 2026

hello there

I am so happy that you are here!
I love being able to capture memories, letting them unfold naturally. I don't have one specific style because I love being able to tell YOUR story, true to you! I LOVE being able to capture your special milestones through the years, so i'm not just here for your big day, i'm here for your happily ever after too! I want to give you memories that you can revisit forever and create a story through photographs that tell every chapter!

Frequently Asked Questions

Where will we take photos & what if it rains?

There is a reason you chose your venue! & i will do my best to showcase all of it's best angles along with yours, rain or shine! & I've shot more than one rainy wedding day, so never fear! As long as everyone keeps a great attitude about it we can make it fun!

We don't know how to pose... "what do i do with my hands?"

"We're awkward" is a phrase I hear frequently, but never fear I'VE GOT YOU. I have a few tricks to keep the photos flowing & to capture those natural smiles! + Getting out all the camera jitters in the engagement shoot really helps too!

When and how do we pay?

Partial payment is due at the time of booking. You can make payments until one week prior to your wedding date. Cash/check or online payments are accepted. (taxes + fees may apply) (automatic payments can be set if desired.)

How do we get our photos?

I will send you a link and password, you can view your online gallery on any device and choose, download, print your favorite photos directly from your album! If you have an existing gallery with JMP, your wedding photos will be added to the same gallery!

We just had our photos taken, when should we expect them back?

Typically my turnaround time is 30 days or less. Hand editing and looking through thousands of photos is tedious but i want to make sure you receive the BEST photos possible!

Why does wedding photography cost so much?

TIME. not only do we spend 9-10 hours shooting the actual wedding day, but for every hour spent shooting, there is 9hours of work behind the scenes. From gear prep, travel, planning, software and editing. (Most photographers trust ai to edit for them,) but you are investing in a PERSON, hand editing every individual photo among the thousands from your most memorable day! Not to mention the priceless keepsakes that will last for generations.

Can you help us make a timeline?

YES. This is essential for the big day. But no worries! I can work with you to make a detailed timeline covering all your to-dos. And though it is very important to be punctual, we will leave plenty of time for you to relax and truly enjoy your wedding day + guests!

I always try to keep the day fun and memorable! We will interact and laugh to capture those natural candid moments as well as capturing classic portraits! & I will do anything I can to help make your wedding day the, best. day. ever.

i can't wait!
